

Post-results services fees – Summer 2025 GCE

The school will review component marks against the grade boundaries to determine if the school considers a review of marking should be considered. Someone will either speak to you on the day or contact you by the deadline stated below about this. Marks and therefore overall grades **can go up, go down or stay the same** when a review is submitted. Please discuss this with a subject teacher before submitting a request.

What services are available from the exam boards & How much does it cost?

Payment should be made via ParentPay following receipt of a completed form. Reviews will not be submitted until payment has been made. **Payment is for each exam paper, not for each subject.**
