

Course information			
Year: 11 Subject: Maths			
Subject	Maths	Subject Lead contact information	Mr J Brawn
Examination Board	Pearson/Edexcel	Specification Code	N/A
Subject Content			
<p>The students in Year 11 enter the final stages of their GCSE studies. The content is now split between further Units or content and consolidation units from previous years. The students need to prepare for their mock exams in November and March, as this will give them an accurate indication of their final grade. The emphasis should be on improving their raw score on their 3 papers. The workbook and revision guide used in Year 10 will continue to be used to supplement the knowledge and content taught in lessons.</p>			
Additional Equipment Needed Calculator and Maths set.			
Assessment Details:			
<p>To be successful students will need to be able to: Acquire mathematical knowledge, apply this mathematical knowledge to answer questions and to solve more complex mathematical problems.</p>			
What can I do to support my child at home?			
<p>Support them with their study guide and workbook. Use the study guide to develop mathematical knowledge and the workbook to answer practice questions on the topics covered in school.</p>			
Recommended resources for the course:			
<p>Websites: Mymaths and Active Learn Books: Foundation or Higher textbook Apps: Mymaths and PiXL Maths App</p>
