

<b>Course information</b>			
<b>Year: 9 Subject: Maths</b>			
<b>Subject</b>	Maths	<b>Subject Lead contact information</b>	Mr J Brawn
<b>Examination Board</b>	Pearson/Edexcel	<b>Specification Code</b>	N/A
<b>Subject Content</b>			
The students begin to study for their GCSE in Maths. This is very much a preparation year and builds upon the knowledge and skills taught throughout Years 7 and 8. The students are set into either the Foundation or Higher tier, based upon their performance through Years 7 and 8. All students study 8 units. These are tested at the end of each unit and at the end of year exam.			
<b>Additional Equipment Needed</b> Calculator and Maths set.			
<b>Assessment Details:</b>			
To be successful students will need to be able to: Acquire mathematical knowledge, apply this mathematical knowledge to answer questions and to solve more complex mathematical problems.			
<b>What can I do to support my child at home?</b>			
Support them with their study guide and workbook. Use the study guide to develop mathematical knowledge and the workbook to answer practice questions on the topics covered in school.
